Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Saturday 29 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
East mainly dry, west cloudier with the odd shower.

Today:
East mainly dry with some warm sunshine. Western Scotland and Highland rather cloudy at times with the chance of the odd shower, more in the way of sunshine later. Haar lingering around some North Sea coasts, Western Isles and Orkney.

Tonight:
Any showers dying out this evening to leave a dry and mostly clear night. Low cloud returning to eastern coasts and Central Belt.

Sunday:
Many places dry with plenty of warm sunshine, some low cloud lingering around North Sea coasts. Chance of an isolated afternoon over the hills.

Outlook for Monday to Wednesday:
A fine dry and warm spell of weather with plenty of sunshine, although rain possible in the south later on Wednesday. Low cloud may linger along east coast at times.
